# Critique Form – MM4403 Senior Project Development

Use this form as a guide for improvements on the project you're critiquing. Please be as honest and critical as you can; this can only help make the project better. Upon completion, please give to the instructor for review. They will then be returned to the appropriate student. Thank you.

Project Title/Description:_____

Overall impressions

- Does it satisfy the assignment, and is of the level and complexity you'd expect for a quarter long effort?

- Is it functional and useful? Does it do what was intended?

- Is the project user friendly? Are the needs of the target audience considered? Was navigation intuitive and complete?

- How creative and original is the work? Did it amaze? Fall short? Surprise you? Or even, was it seamless and invisible?

- What would YOU do to take this project to the next level? What advice would you give the creator?
